

Alif F&A — Finance & Accounts Management Solution

NEW · FINANCE

Accurate books, faster reporting and clear financial control — built for growing businesses.

OVERVIEW

Alif F&A brings general ledger, accounts payable/receivable, budgeting and financial reporting into one connected system. It replaces scattered spreadsheets with a single source of financial truth, so closing the books and reporting to leadership takes hours, not weeks.

KEY FEATURES

● **General Ledger & Journals**

A clean, auditable ledger at the core of your finances.

● **Financial Reporting & Dashboards**

P&L, balance sheet and cash flow — always up to date.

● **Compliance & Audit Trail**

Every transaction logged, every change traceable.

● **Accounts Payable & Receivable**

Track what you owe and what's owed to you, in real time.

● **Budgeting & Forecasting**

Set budgets by department or project and track against actuals.

● **Multi-Entity Consolidation**

Consolidate accounts across branches or subsidiaries with ease.

WHY TEAMS CHOOSE ALIF F&A

- Close the books faster every month
- Reduce manual reconciliation work
- Give leadership real-time financial visibility
