

Alif HCM — Human Capital Management

NEW · HR

A complete Human Capital Management platform — from hire to retire — with a self-service mobile app for every employee.

OVERVIEW

Alif HCM brings recruitment, employee records, performance, payroll and self-service together in one platform. It's built to reduce manual HR work while giving employees a modern, mobile-first way to manage their own information — including our built-in ESS (Employee Self-Service) mobile application.

HCM includes the **Alif ESS Mobile App** — a dedicated employee self-service application for leave, attendance, payslips and approvals, wherever your people are working.

KEY FEATURES

● Core HR & Employee Records

A single, secure record for every employee across their lifecycle.

● Leave & Attendance Management

Configurable policies with real-time balances and approvals.

● Performance Management

Goal setting, reviews and continuous feedback in one workflow.

● ESS Mobile Application

Leave requests, payslips, attendance and approvals — right from a phone.

● Payroll & Benefits

Accurate, compliant payroll runs with full benefits tracking.

● Recruitment & Onboarding

Move candidates from application to day one without the paperwork.

WHY TEAMS CHOOSE ALIF HCM

- Cut manual HR admin significantly
- Give every employee self-service from their phone
- Keep payroll accurate and on time
- Make workforce data available for real decisions
