

Alif PMS — Project Management Solution

NEW · PROJECTS

Plan, track and deliver projects on time and on budget, with full visibility for every stakeholder.

OVERVIEW

Alif PMS brings planning, budgeting, resourcing and progress tracking into a single project management platform. From project setup to final invoicing, teams get one place to manage scope, cost and schedule — with dashboards that keep leadership informed at every stage.

KEY FEATURES

- **Project Planning & Scheduling**
Break work into phases, tasks and milestones with clear timelines.
 - **Budgets & Cost Tracking**
Monitor budgets, actual spend and profitability in real time.
 - **Task Monitoring & Alerts**
Automated alerts keep tasks and deadlines on track.
- **Resource & Manpower Allocation**
Assign the right people and track overhead against every project.
 - **Progress & Status Reporting**
Activity-wise progress reports and live dashboards.
 - **Client Invoicing**
Generate accurate, project-linked invoices without duplicate data entry.

WHY TEAMS CHOOSE ALIF PMS

- Keep every project on time and on budget
- Improve visibility for stakeholders and clients
- Reduce manual reporting effort
- Make faster, better-informed project decisions
