

Alif WMS — Workforce Management System

WORKFORCE

Streamline workforce operations, scheduling, attendance and contract management from a single dashboard.

OVERVIEW

Alif WMS is designed to streamline workforce operations, ensuring optimal team performance and efficient contract management. It's the perfect solution for businesses looking to improve scheduling, attendance and task management.

KEY FEATURES

● Employee & Contractor Management

A single source of truth for your entire workforce.

● Attendance & Timesheet Tracking

Accurate time capture that feeds straight into payroll.

● Invoice & Payroll Integration

Connects seamlessly with your existing finance systems.

● Smart Shift Scheduling

Build and adjust shift patterns without the spreadsheet chaos.

● Contract & Budget Monitoring

Keep every contract on budget with live tracking.

● Contract Expiry Alerts

Automatic alerts for renewals so nothing slips through.

WHY TEAMS CHOOSE ALIF WMS

- Boost team productivity and accountability
- Automate repetitive HR tasks
- Gain real-time visibility of workforce performance
- Ensure compliance with labour and contract policies
